DLG Certificate 7613

Overview

A test mark “DLG-APPROVED for individual criteria“ is awarded for agricultural products which have successfully fulfilled a scope-reduced usability testing conducted by DLG according to independent and recognised evaluation criteria. The test is intended to highlight particular innovations and key criteria of the test object. The test may contain criteria from the DLG test scope for overall tests, or focus on other value-determining characteristics and properties of the test subject. The minimum requirements, test conditions and procedures as well as the evaluation bases of the test results will be specified in consultation with an expert group of DLG. They correspond to the recognised rules of technology, as well as scientific and agricultural knowledge and requirements. The successful testing is concluded with the publication of a test report, as well as the awarding of the test mark which is valid for five years from the date of awarding.

SPINDER DAIRY HOUSING CONCEPTS MEADOW NEXT

- ✓ Deformability/Elasticity
- ✓ Permanent Tread Load

DLG Certificate 7613

Test criteria: Permanent tread load, deformability and elasticity before and after permanent tread load test

Test results

DLG QUALITY PROFILE		Evaluation*
Deformability and elasticity	in new condition	■ ■ ■ ■ ■
	following endurance test	■ ■ ■ ■ ■
Permanent tread load test	lasting deformation	■ ■ ■ ■ ■
	wear	■ ■ ■ ■ □

- * The DLG test framework specifies the following evaluation range:
- ■ ■ or better = meets, exceeds or clearly exceeds the specified DLG standard,
 - = meets the statutory requirements for marketing the product, ■ = failed
