Swaving

Swaving Wellness Mattress – Dual Mattress with Premium Cover

Deformability/Elasticity, Permanent Tread Load

APPROVED 2026 DLG DLG.ORG

SWAVING
WELLNESS MATTRESS
✔ **Deformability/Elasticity**
✔ **Permanent Tread Load**
DLG Certificate 7627

Overview

A test mark “DLG-APPROVED for individual criteria“ is awarded for agricultural products which have successfully fulfilled a scope-reduced usability testing conducted by DLG according to independent and recognised evaluation criteria. The test is intended to highlight particular innovations and key criteria of the test object. The test may contain criteria from the DLG test scope for overall tests, or focus on other value-determining characteristics and properties of the test subject. The minimum requirements, test conditions and procedures as well as the evaluation bases of the test results will be specified in consultation with an expert group of DLG. They correspond to the recognised rules of technology, as well as scientific and agricultural knowledge and requirements. The successful testing is concluded with the publication of a test report, as well as the awarding of the test mark which is valid for five years from the date of awarding.

Test criteria: Permanent tread load, deformability and elasticity before and after permanent tread load test
Test basis: DLG Testing Framework for elastic stable flooring 2018-12 and DIN 3763:2022-08.

Test results

DLG QUALITY PROFILE			Evaluation*
Deformability and elasticity	in new condition	41.8 mm	■■■■■
	following endurance test	45.5 mm	■■■■■
Pressure (load on the carpal joint)	in new condition	6.3 N/cm²	■■■■□
	following endurance test	5.8 N/cm²	■■■■□
Lasting deformation	following endurance test		■■■■■
Wear/damage – top cover	following endurance test		■■■■■
Wear/damage – filling layer	following endurance test		■■■■■

* The DLG test framework specifies the following evaluation range:
■■■ or better = meets, exceeds or clearly exceeds the specified DLG standard,
■■ = meets the statutory requirements for marketing the product, ■ = failed

The requirements of the DLG test framework and DIN 3763 have been met. Deformability and elasticity comply with Class 4 according to DIN 3763.

Manufacturer- and Productinformations

Swaving, Noordbroeksterstraat 117A, 9611 BG Sappemeer, Netherlands
Phone +31 598 423553, info@swaving.nl, www.swaving.nl

A three-layer cubicle mat.
- Top Cover: waterproof black rubber with a fabric insert and screen-printed-style texturing
- Middle layer: Polyurethane foam 40 mm thick, density 140 kg/m
- Bottom layer: Polyurethane foam 40 mm thick, density 180 kg/m

Dimensions: Foam pads 99 cm x 168 cm, roll-form cover materiale
